

BFPD Solar Project

S<sub>1</sub> To Details

Don Smith 1/7/08

10' (building + service panel relative locations not to scale)

- all roof framing on 2' ctr.s
- " " " mfg'd. 2x wood trusses except plane D
- plane D framing = 14" TJI / L65
- trusses spec'd for 600# add'l point loads at solar blocking
- roof slopes: A, B, C = 5/12 = 23°
- D = 6/12 = 27°
- E = 4/12 = 18°
